November 15, 2024

Healthy Hearing Event

Call to Register 847-491-3165

Plan to Attend If:

- You have not attended a previous open house event.
- You are experiencing bothersome ringing in the ears (tinnitus).
- People often seem to mumble or speak in a soft voice.
- You have difficulty understanding speech in groups or crowded places.
- You set the volume on your TV or radio louder than your family prefers.
- You feel tired after long conversations.
- You are curious about the associated health risks with untreated hearing loss (e.g., diabetes, heart disease).

Attendees May:

- Receive a Free Hearing Screening
- Speak to an Audiologist
- Demo Hearing Devices

Northwestern
University

Let the doctors of audiology at Northwestern University help you take charge of your hearing health.

Call today to RSVP.
