

FREE SPEECH, LANGUAGE, AND HEARING SCREENINGS

What Is It?

These are short communication and hearing check-ups by licensed audiologists and bilingual speech-language pathologists at the NUCASLL clinic to see if your child's development is on track or needs further evaluation.

- Speech Sounds
- Receptive Language
- Expressive Language
- Social/Pragmatic Language
- Hearing Check

For who?

- Children ages 5–12
- Kindergarten through 6th grade
- Bilingual Spanish-English children
- Families curious about their child's communication or hearing skills

Why?

- Learn about your child's speech, language, and hearing development
- Receive recommendations for support if needed
- Meet with professionals trained in bilingual and pediatric care

How much?

FREE
